1. INTRODUCTION

The Government of India established the National Board of Examinations (NBE) in 1975 with the objective of improving the quality of the Medical Education by establishing high and uniform standards of postgraduate examinations in modern medicine on an all India basis and utilizing existing infrastructure for capacity building.

NBE at present conducts postgraduate and postdoctoral examinations in approved specialties leading to the award of Diplomate of National Board. The Medical Council of India has laid down standards for postgraduate examinations conducted by various medical colleges and affiliated to concerned universities and other institutions, yet the levels of proficiency and standards of evaluation vary considerably in these institutions.

The Examinations conducted by NBE provide a common standard and mechanism of evaluation of minimum level of attainment of the knowledge and competencies of medical specialties. Moreover, intra country and international comparisons are facilitated with the availability of common evaluation mechanism.

Note : Possession/Use of Mobile Phones/Electronic Devices is strictly prohibited in the premises of NBE Examination Centres. Candidates Shall be liable for penal action for Possession/Use of Mobile Phones/Electronic Devices
